

Report with photographs on ICT/computing skills enhancement programs

AT Govt. College for Women, students are always promoted to participate in ICT related events. The Computer Science department of the college is very dynamic and committed to make all girls IT-savvy and proficient in ICT based skills. For this, we take following steps:

- As far as computer literacy is concerned, it is a compulsory part of the curriculum of the undergraduate classes. At this level, the students learn the basics of computer application.
- The college provides free internet access to the students through its Wi-Fi campus and internet zone in the library to access all e-resources for learning.
- The Department of Computer Science of the college has large well equipped computer laboratories which enable a large number of students to use computers facility.
- Computer Department is honored with 15 full time teaching faculties and 6 computer laboratories having around 20 computers in each lab, where Students are trained in groups of 20 students each. College has also established a mechanism for running its entire computer labs for all the periods on each day, spread throughout the time table.
- 5. Various events and IT related competitions and activities are pre-planned at the start of the session and are executed ensuring higher participation of the students.

Year	Activity details	Date of activity	No. of Students Participated	Winners
